

**MARY MANGOLD  
WESTMINSTER SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

Occupation: Public School Teacher

I am a parent and teacher not a politician. I am running for the board because it is time to put the emphasis back on educating students, not politics. Every decision the board makes should focus on the needs of students. All board decisions have a direct impact on the quality of education that all children, including my two, receive. Our students deserve the best.

Westminster schools need improving. I have over 19 years of hands-on public school teaching experience. I support back-to-basics education emphasizing phonics, reading, writing and math. Additionally, we must promote strong character traits for our students including: honesty, responsibility, respect and trustworthiness.

Teachers must take responsibility for being dedicated, qualified professionals who maintain high academic standards and provide a strong foundation for all students to succeed.

Parents must take responsibility for promoting the value of education with their children.

The school board and superintendent must make the classroom their top budget priority.

My background in education and my volunteer work in Girl Scouts and Sunday School have given me the opportunity to work with our youth and to witness their great potential.

Please join our WSD teachers in supporting me.
